WAR MOTHERS AT SERVICES

Feature Of St. George's Day Program At High School Was Meeting Of Soldiers' Mothers With Capt. Woodcock, Hero Of Dieppe.

COLORS PRESENTED

Many Grimsby Boys Served With The Gallant Winona Officer — Newly Formed Company Of Girl Guides Receive A Union Jack.

By JAN KENDEL

The presentation of Colors by the 50th Co'y, I.O.D.E. Girl Guides and Boy Scouts, marked the opening of the annual St. George's Day program held in the Grimsby High School Auditorium. Color parties included: Marilyn Millyard, Betty Larson, Geraldine Marsh, Mary Johnson, Marjorie Morton, Carol Baxter, Hazel Twocock, Barbara Bromley, John Pasche, Don Laog, Doug Alton, Leslie Walters, Allan Bentley, Peter Phelps, and Freddy Schwab.

An interesting feature of the program was the presentation of the Union Jack to the newly-inaugurated 57th Co'y, I.O.D.E. Girl Guides. The new branch is under the leadership of Captain Marion Scott, who received the flag from Mrs. E. Jenson, Regent, Lincoln Loyallists Chapter, I.O.D.E.

Today's program is one of inspiration and courage, on this the eighteenth birthday of Elizabeth, her presumptive to the British throne", remarked Captain P. V. Smith, Principal of Grimsby High School.

Mrs. Andrew Stevenson, representative of the Educational Committee, I.O.D.E., replied that in addition to the program being in the form of a St. George's Day tribute, it might well be called a Mother's Day service, for all the Mothers who were honouring their sons who are prisoners-of-war Overseas.

Contributors to the program were: Ann Wade, scripture-reading; Diane Sawyer, Stephen Hoop. (Continued on page 7)

Home On Leave

First Class Stoker Russell Smith, R.C.N., is spending his furlough at his home here. Russ. will be best remembered as centre ice player for the Peach Buds' team that won the Junior "O. N. A. Championship.

Since joining the navy he has seen duty on both coasts and over a considerable amount of water. He says "hockey is out of my picture now until the big scrap is over".

A Message From Reeve Durham

"Put Victory First" is the slogan of the Sixth Victory Loan and we must do that very thing in every thought and every deed. It is only by forming a solid front at home that we can support those brave boys on the real front over there. Do not lag for one minute—put everything you have into the fight for Victory. Hitler's last hope is that the United Nations will get tired of the job of licking him — show him that the Grimsby's mean business by over-subscribing this Sixth Victory Loan. You have done it before—you can do it again.

CHARLES W. DURHAM,
Reeve of North Grimsby.

UKRAINIAN STUDY CLASS—Sixty Ukrainian residents of Grimsby and North Grimsby were taught to read and write the English language in a series of classes recently conducted by the Basilian Fathers in the church hall of St. Mary's Ukrainian Greek Catholic Church. The classes were strictly undenominational. Several Canadian-born Ukrainians were taught how to read and write the Ukrainian language while their parents and grandparents studied the English. Oldest "pupil" was Stephen Kalinovich, aged 70, who came to Canada

from the western Ukraine 35 years ago. Accompanying photo shows a typical study group, all the ladies being from the Ukraine. From the left, those shown are: Mrs. Nellie Zorow, Mrs. Mary Tesluk, Mrs. Mary Skrypka, Mrs. Phyllis Romanuk, Father J. J. Lesiuk, O.S.B.M., who was in charge of the classes; Mrs. Ksenia Swirski and Mrs. Nellie Adamyk. Father Nicholas Kohut, O.S.B.M., Superior at the Monastery, supervised the work. Other instructors were Father Bernard Drimbenky, O.S.B.M., Brother Joseph Skwarok and Brother Plato Noroka.

"Red" Graham Has A Great Shock

Suddenly Discovers That Waste Paper Collectors Carry Off Two Large Cartons Packed For Saskatoon

The best thing that has happened in Grimsby since Hector was a pup, and Hec. is an old dog now, took place on Monday afternoon.

Supt. of Works Jimmy Lawrie and his very efficient crew were helping out the Salvage Committee by collecting waste paper. They were in the west end of the town. Flight Lieut. John B. Graham of the R.C.A.F., a worthy son of a worthy sire, was leaving Monday night for his camp at Saskatoon. With the able and unalike assistance of "Red" he had packed two large cartons of stuff to take back with him. They were placed on the front verandah.

It was raining hard but the Town boys kept on their job. They found a lot of waste paper and cartons of magazines on the verandah. When they came to "Red's" they gathered in the waste paper and also the two large cartons and threw them on the wagon.

They had not proceeded far down Paton street until "Red" discovered the loss. The neighbours do say, that the "Bishop of Paton Street" could be heard for four miles. Any way the boys heard him and they returned the cartons.

"I bet a doughnut hole to a buttership that the boys got a great kick out of that incident."

It's Up To You!

Twelve hundred million bucks
A lot of dough for plain Canucks
Ring the bell and start the sound
That dumps old Adolph on the ground.

Each Bond you buy is a body blow
That will send Adolph down below
If you want to get a ringside seat
Buy Bonds and Stamps instead of meat.

This loan must go with zip and zest
Give Adolph and his pals no rest
Torpedo him both and fore and aft
Then kick him off the safety raft.

Each Bond a kick, each Stamp a slap
To keep the Nazis in a trap
Go do your stuff my friend Canuck,
Each Bond you buy will bring you luck.

In coming years you get the cash
To buy a Jeep or a pot of hash.
This cash you lend, some day you'll spend,
Plus added interest at the end.

You cannot lose if you get right down
With all your cash to old Bytown.

White Elephant Moves Its Trunk

Girls Who Have Done Wonders To Boost War Effort Move Their Goods Into A New Location.

The ladies who have been running the White Elephant store in the Eames block on Main street west since the beginning of the war, have had to pack their trunk and seek a new location.

The White Elephant store is now located in the Murgatroyd building, on the south side of Main, next to Joe's Restaurant, across the street from their former store.

Through the generosity of the Murgatroyd family of Smithville and Hamilton they are getting their store rent free, and heated, where they hope to continue the good work which they have been able to carry on for the almost past five years.

Persons having furniture, or any other kind of goods that they would like to get rid of can do so by bringing them to the White Elephant. The girls need more goods. They have got to have more goods. They have lots of buyers but they are a little shy on stock.

Take a look in the attic and see what you can do.

Harold B. Matchett, local Barrister, was the chief speaker over C.K.T.B. on Wednesday noon on behalf of the Sixth Victory Loan.

CRACK TEST PILOT

First Two Days Of Loan Totals \$41,800 — Salesmen Being Cordially Received — Income Tax Payments Deferred To August First.

A big feature in connection with the local Victory Loan drive will be the appearance over the town and township on Wednesday afternoon next, May 3rd, at three o'clock of a Grimsby boy flying a DeHavilland Mosquito plane and performing all the aerobatics in an aviator's book with a few specialties of his own thrown in.

The aviator will be Wellington St. John, son of Roy and Mrs. St. John and he is being sent to Grimsby by the DeHavilland Co. to show the people just what our air force men can do with one of these speedy machines.

Wellington has been flying planes for the past four years and today is considered one of the best test pilots in the aviation world.

WELLINGTON ST. JOHN

When you see this plane performing you will quite easily realize what the boys on the air battle fronts have to do in order to successfully fight the Luftwaffe. Of course if weather conditions are not favorable the aerobatic performance will be postponed.

Local loan salesmen report that they are receiving a favorable reception from the public and for the first two days of the campaign, up until Tuesday night had sold a total of \$41,800. This is an increase over the same period in the last loan.

In the past five loans Grimsby and North Grimsby residents have purchased \$1,505,000 worth of bonds. In every loan the two municipalities exceeded their objective, the figures being:

Loan	Objective	Sold
1st	\$180,000	\$202,500
2nd	\$200,000	\$210,000
3rd	\$250,000	\$267,350

A Message From Mayor Johnson

In respect to our Sixth Victory Loan, I feel keenly that it is the responsibility of us all, as citizens of this community, to subscribe at least the amount we are asked for—\$400,000. Unquestionably, in this Sixth Victory Loan Campaign, the number of subscribers will have to be greatly increased to make up the total. Therefore no one should consider his or her subscription unimportant, no matter how small the amount, because every dollar counts.

WE CAN'T STOP PUMPING NOW

At the beginning of the century, two persons were needed to play a pipe-organ. The organist was at the key-board and someone else was at the pump handle. And all the years of practise, all the skill of the musician's fingers came to naught when the man at the pump stopped pumping.

In Europe today thousands of Canadians are playing a different kind of music. They are playing it well with canon and guns.

Their performance is a thrill for a listening world, a display of masterful technique developing through years of hard practise. Just as the organist of olden days depended on the youth at the pump, our troops depended on us a home to keep them going.

Victory Loans, successfully conducted during the past three years, have been vital to the training of our armed forces. But they are not enough. One hour's pumping of the old organ could not keep the organist playing for one hour and a quarter. Similarly, just so long as the Canadian invasion forces are playing their part on European soil we must do ours here. We can't stop pumping now.

"LITTLE WRITING MEN"

(Christian Science Monitor)

We agree with Ellisha Hanesy that it took courage for young Rives Matthews to "expose the wholesale misuse of gasoline coupons by the second highest official of the State of Maryland." And for a time it looked as if much of Maryland officialdom was going to use its power to "punish" the crusading editor of the Somerset News for his temerity.

The official he had criticized for making a trip to Georgia on rationed gasoline in a State-owned motor-car charged him with criminal libel, and the State's Attorney obtained an indictment last September.

But other newspapers, including this one, gave support, and finally the powerful American Newspaper Publishers Association took up the cudgels for Mr. Matthews.

Last week the libel case was dropped, and Mr. Hanson, the A.N.P.A. attorney, declared that the young editor had forced a complete overhauling of the system of using State cars in Maryland and saved "thousands of gallons of gasoline for war purposes."

Rives Matthews did much more than that; he added to the noble record of "little writing men" who by using freedom of the press courageously in the public interest cause the people to cherish it.

HELP THE MAILED

The directors of the Post Office Department of Canada are not loath to admit that there have been undue delays in delivery in Italy as well as in Britain. There have been

"The going's getting tougher. It's raining again. The mud is like gumbo. Over on the other side of the hill, the enemy is shelling us. In a few hours we attack. I've got to go on, now. My job's up ahead."

Your job lies ahead too, just as clearly defined as this Canadian soldier's at the battlefield. Are you backing him... to the limit? You're not giving up anything when you buy Victory Bonds. All you are asked to do is lend, not give; invest not donate! Surely the buying of extra Bonds is no hardship compared to the sacrifice of the lad who is "moving up front" today.

contingencies which have militated greatly against expedition. Even at the home end, there is a shortage of highly trained help.

There has been, during the winter, due to imperative and incessant demands for vital operations, a lack of transport, both air and surface. The North Atlantic always gives a lot of bad weather in the winter. There have been many removals of personnel, transfers from one unit to another and from one location to another, necessitating re-direction of mail to such men and women.

The public can greatly help the postal service in surmounting difficulties. About half the mail is incorrectly addressed and a good tip is to avoid abbreviations, and spell out the names of Canadian Army units. Proper addressing will prove a great factor in speeding delivery and the use of light weight paper is urged, also tight packaging of parcels.

It is a remarkable fact that in the last 12 months, the percentage of lost mail from all causes, including enemy action was shown to be .88 per cent. This, as in over 3,000,000 pounds of tobacco was .05 per cent.

On the whole the Canadian Army Postal Corps is doing a grand job: it cannot perform miracles, but the people at home can do their bit in making for greater efficiency. And that if it means anything at all, means greater happiness and content for the tens of thousands on the receiving end, far away from their homes and loved ones.

DRAW 3% SLEEPING IN YOUR OWN BED

"On Christmas Eve and Day we were entirely cut off with no supplies of any sort. Once again we were in slit trenches being shelled. However, the local farms supplied some food and no man went really hungry. Clarkson's Bat-man cooked us a cake out of corn meal with a melted emergency ration for chocolate icing and walnuts found in a farm house. Merry Xmas was written on it with his finger." — From the recently received letter of a Canadian officer in Italy.

The sixth Victory Loan affords Canadians an opportunity to lend money to our Government at interest.

In the following days, Victory Bond salesmen will be coming to us and to our fellow workers in our offices, factories and stores. We Canadians on the home front have warmth, ample food, ample and clean clothing. We daily enjoy many luxuries; daily gratify most of our whims. Our lives have been little disrupted. We pursue our accustomed habits and activities, continue to mingle with old friends and associates of our choice. We go at night to the comfort and supreme safety of our own beds.

"The weather has been cold and very wet with unbelievable mud. On New Year's Eve every trench was filled with water to the hip and the men had to abandon them. For over a month even I didn't change my underwear and I had my boots off twice. I am a pampered baby compared with the men. They had no great coats, no blankets, no pup tents, no ground sheets—only a gas cape..."

Produce more, consume less, lend our savings.

There is the unchallengeable arithmetic of total war, the simple, categorical rule of wartime civilian conduct. With so many doing so much more, we at home cannot do less.

In pledging ourselves to buy and to hold Victory Bonds to the utmost limit of our resources; in conscientiously and persistently urging our friends and associates to do likewise, we are doing our minimum duty to ourselves, to our country, to the 800,000 Canadians who have pledged their lives, to the millions of our allies who are helping keep this a world of freedom, hope and opportunity.

The great invasion is now close. Every indication is that this greatest battle of time will be as costly in lives as it will be apocalyptic in determining the future of our civilization.

"...and through all this I have never heard one grouse or complaint and their spirits are just as high now as when we started. I am terribly proud to be associated with these men."

How will we rate with our conscience unless we put victory first and buy and hold all the Victory Bonds that we can?

Fire Alarm System For County Home

Will Be Electrically Operated By 198 Detector Units Throughout The Building—Will Also Sound Alarm In St. Catharines Fire Station.

A new automatic fire alarm system is to be installed in the Lincoln County Home. It was decided last week at the meeting of Lincoln County Council. The system will be electrically operated from 198 detector units throughout the residence at the farm; and will operate through a master fire box at the home to sound the alarm at the central fire hall in St. Catharines.

The system will cost \$1,610 for the installation, and another \$238.25 for the special master box. An allowance of \$80 will be made for the old box. The system will be bought from the Dominion Fire and Burglary Alarms Ltd., and the special alarm box from the Fyfe-Fryer Co.

Circumstances at the Home prevent the system from being installed immediately, but a work will be done at the decision of the Board of Management of the Home. R. G. Dawson, chairman of the Board, said he thought work would commence in about two months.

Councillors expressed dissatisfaction with the reply they received from the office of the Oil Controller in answer to their request for more gasoline to permit travel in the interests of Red Cross, Victory Loans, Soldiers' Settlement, and other patriotic endeavors. At the March meeting of council a resolution was passed asking for more gasoline for this purpose.

G. M. Davies, Director of Gasoline Rationing for the Oil Controller wrote: "If a receipt applies as such to the Regional Office of the Oil Controller, we are sure his application will be given every consideration. We might mention, however, that additional gasoline rationing is not provided for the purpose of attending committee meetings, Red Cross campaigns, etc."

A further resolution was passed unanimously: moved by W. E. Hendip, Gainsboro, seconded by George Montgomery, Clinton:

"Owing to the indefinite reply from G. M. Davies, Director of Gasoline Rationing for the Oil Controller for Canada in regard to gasoline coupons for Red Cross and Victory Loan campaigns, etc., we the members of Lincoln County Council, very strongly disagree with the ruling of the Oil Controller that gasoline coupons are not available for these campaign committee meetings, for the success of these campaigns is obtained only by the very careful planning of this very essential war work, which can only be accomplished by committee meetings. Therefore this council asks that they be allowed to meet with Mr. Davies in the near future, and the delegation from this county council be composed of Warden F. D. Miller, and Councillors R. G. Dawson, R. H. Johnston, Cecil Seccord, and George E. Wiley."

Council went on record as giving "unqualified support" to the Federation of Agriculture, and agreed to make a grant of one-fifth of a mill on the county rate to the Lincoln County Federation this year. This grant is the same as last year, and amounts to \$3,900 on an assessment of \$19,500,000. An interim grant of \$1,500 was made to the county federation as part of its annual grant, and other portions will be paid as needed. The grant was contained in the agricultural report presented by Chairman Cecil Seccord.

After a committee had inspected the county building to investigate possibilities of increasing the office and vault space for County Clerk E. J. Lovelace, council decided to do nothing about the matter for the duration of the war.

A grant of \$100 was approved for the Lincoln County Music Festival Association, provided the place for holding the annual festival is alternated between the county and the City of St. Catharines. Council decided to place a \$35 advertisement in the souvenir program of the Merrittion Hayes basketball team which is playing a series here for the Dominion senior title next week.

Rogers & Coy, county solicitors, will be approached and asked if they would accept an annual salary of \$500 for their work rather than charge the county for each consultation separately. The annual amount suggested is about the average paid over a period of years.

How our little Nivy lad gets around; He's actually making history in his own inimitable way; yes, he's stationed on the H.M.C.S. Montcalm, Quebec, Quebec. Think of all the French he'll know when he comes back! Oa, la la!!!

The G.H.S. annual Amateur contest will be held in the auditorium this Friday. Plan to attend, as the sophomores have something really cooked up! Time, 8.00 p.m. sharp. By the way, if you have some hidden talent, now's the time to come forth and confess.

The Farm Service Force Certificates, for pupils who completed thirteen weeks' duty last summer, will also be presented during the evening.

Our friend Bob Thompson has left us! No, it won't seem the same around G.H.S. now that he and "Minnie" have departed from our intellectual ways. It seems Bob is particularly fond of Air Force blue, so he's leaving for Manning Depot, Toronto, to-morrow. Good luck from all of us!

Rat-a-tat-tat! Rat-a-tat-tat! — that roll of drums certainly creates a military atmosphere around G.H.S., in fact it might well be called a bedlam,—what with drums and bugles on the go every spare minute of the day. No wonder the teachers are beginning to look slightly harassed when, after a full day, this "music" sounds to their ears.

The boys are now engrossed in trying out for positions as buglers and drummers.—It is also expected the band will include some members of the girl's corps. Naturally, they should make up the majority, as the female clan seem to be much more musically inclined . . . (??)

The officers of both companies

of the Grimsby High School Cadet Corps were present at the Lions' Club meeting Tuesday night, to receive the drums and bugles for the Cadet band. Major Andy Fulton, C.O. of No. 1 Co'y thanked the club for their generous donation.

Boy Scouts

At the St. George's Day ceremony Scout colours were carried by the following scouts: Donald Cation, Leroy Zimmerman, John Pasche, Michael Jarvis, Donald Mogg, Douglas Alton.

During the weekend the wolf patrol held a very successful meeting at Donald McAlonen's home. During the early evening they hiked up the mountain side and after securing permission from Mr. Fydyk, cut staves for each boy. On their return Mrs. McAlonen served the boys lunch.

On Saturday morning the Bull Dog patrol started on a hike up the mountainside with pack sacks loaded with grub. Yes they were full of pep and energy but after travelling along paths over rocks and through gulleys their steps started to lag and at noon they were ready to build fires and cook their dinner. Oh boy how the smell of that cooking food made their mouths water and nothing could be heard but the smack-smack as everything visible was consumed. A wonderful day out in the open and sleep didn't bother them a bit on their arrival home.

At our regular meeting thirty-one scouts gathered together. The Eagle patrol made a very poor showing and lost a number of points because several of their members were absent but patrol leader Leroy Zimmerman is checking up so watch them spread next Monday.

Of special interest to our scout and cub parents will be the par-

ents' night programme on Friday evening, May 12th, at the High School, 7 p.m. Both organizations are preparing interesting events for you to see. Are you interested in their progress? Plan now to attend this final open evening in Scouting. Remember the date, mark it down and come with your boys. They will enjoy having you there and we can assure you of a very interesting evening.

MRS. CLARA MITCHELL

Despite the best of medical care and blood transfusions given by employees of The Bell Telephone Co. the death occurred in Hamilton General hospital on Tuesday, April 18th, of Mrs. Clara Mitchell.

Deceased lady had resided in Grimsby for some time past with her sister Mrs. Charles Norman, Mansion Apartments.

Interment was in Prospect cemetery, Toronto, on Friday afternoon last.

MRS. GEORGINA ANDERSON

Deceased lady suffered an injury from a fall last autumn and was confined to Hamilton hospital for a lengthy period and went to Preston to live with her daughter. She never recovered from her injury and passed peacefully away Wednesday morning, in her 82nd year.

She was a life long member of the Baptist church and while never a woman who appeared much in public she had many friends throughout the district.

FRED B. JAMES

A death of much interest to the people of this district occurred in Walkerton, on Tuesday afternoon, when Frederick B. James, father of Grimsby's well known citizen Frank James, passed away.

He was an architect by profession and had erected many public buildings throughout the province. An Englishman by birth, he naturally was an army man. He was a Lieutenant in the last war overseas with the 160th Grey Regt. In this war he was a Major attached to the reserve. He was a member of the Scottish Rite, being a 32nd degree Mason. He was a Past Master of Walkerton Lodge.

Deceased had been a very valued citizen of Walkerton and had been highly honored in that town.

Besides his sorrowing widow, he leaves four sons, Capt. Trebe of the Scottish Fusiliers at Kitchen-er; Rev. Charles, Rector of the Anglican church of St. Thomas; Flight Lieut. Jack, a Padre with the R.C.A.F.; Frank H. of Grimsby, with the Brennan Construction Co.; four daughters, Mrs. Tompkins, London; Mrs. Kain, Walkerton; Mrs. Cunningham, Wheatley and Miss Constance of Toronto.

An Important Announcement

We know we are going to get into trouble with the ladies, but we can't help. All we can do is give our loins and put on our armour.

For some years past The Independent always made a charge for "Coming Event" items. That was and is standard practice with all good weekly newspapers.

Some how, some management, general shuffle of papers during the editors and bookies' "Coming Event" past 13 months, fully upon the items landed gracefully.

Therefore, this is to inform all and sundry, especially the ladies (you dodge the frying pans Dyke, I'll dodge the rolling pins) that we'll continue the practice of must continue "Coming Event" charging for our first issue in May (May 4th) all "Coming Event" items will be charged at the rate of 25 cents for 30 words or less, and one cent a word over the 30 words, figures to count as words.

We are sorry that this situation has arisen but we hope that our many organizations and users of the "Coming Event" columns will see it in the same light that we do.

Coming Events

Notices under this heading will be charged at the rate of 25 cents for 30 words, or less. Over 30 words 1 cent per word.

I.O. D.E.

The Lincoln Loyalist Chapter I.O.D.E. wish to announce that in future, all magazines for the Soldiers are to be left at the Post Office instead of at the Public Library.

The regular monthly meeting of Lincoln Loyalist Chapter I.O.D.E. was held in the Chapter rooms on Monday evening, April 24th at 7:30, with Mrs. Jewson, Regent, in the chair. Mrs. Beate Moore was again voted an honorary member of the Chapter. Mrs. Bromley was made convener of the on-service personnel committee.

Mrs. Jewson was the Grimsby delegate at the Annual Provincial held at the Royal Connaught Hotel, Hamilton, on April 18th, 19th and 20th, and a part of her most interesting report follows: "I beg to submit the following report of the 24th Annual Meeting held in the Royal Connaught Hotel, Hamilton, April 18th and 19th. Mrs. Bromley, Mrs. Cloughley, Mrs. Lothian, Mrs. Wolfenden, Mrs. Beamer and Mrs. Greig attended. The large hall-room was filled to capacity, to witness the traditional and colourful ceremony of the standard bearers to the tune of Land of Hope and Glory. This was most impressive and very beautiful.

His Honour the Lieut. Governor and his charming wife were present. Mrs. John Bracken, wife of the Leader of the Progressive Conservative Party, Mrs. H. C. Nixon, wife of the former Premier of Ontario, Mrs. W. B. Horkins, O.B.E., National President were also on the platform with our charming and very capable Provincial President. Mrs. George Drew, wife of the Premier of Ontario was unable to attend. Mrs. Drew and Mrs. Nixon are patronesses of the Chapter.

The opening prayer was conducted by Archdeacon Wallace, followed by the Prayer of the Order, and the Prayer of Peace. Silence in memory of deceased members. Resolutions of Loyalty to their Majesties and to Princess Elizabeth Birthday greetings.

The Civic welcome to the Provincial Chapter was given by Controller Nora Frances Henderson. Miss Henderson, in her charming manner, welcomed all to the City of Hamilton. Lieut. Governor Matthews conveyed to us heartfelt wishes on behalf of his Majesty.

Mrs. Horkins, O.B.E., National President, brought greetings from National Chapter and commended the work and sacrifice I. O. D. E. members are making. Mrs. New, our President, welcomed all very cordially. She announced with regret the resignation of Mrs. Oscar Main, who had served as Treasurer for twenty-one years, also Mrs. Gordon Fairclough, Hon. Sec. for six years.

Another resolution regarding a question which has been raised in certain quarters as to whether after the war Canada is to remain a member of the British Commonwealth, or to assert her complete independence particularly with regard to her close geographic and economic relations to the United States.

The I.O.D.E. placed much a record as believing that this country's place should continue to be one of dignity and security within the Commonwealth. This resolution to be forwarded to all Primary Chapters. Mrs. New, in closing, told us not to get weary and lay down our hands. That we had no hardships, we had not to sleep in air raid shelters. Could we but count our blessings each day. She spoke of the British Brides and reminded us that there was no other organization so well prepared to give leadership, than the Daughters of the Empire.

I attended the Educational Conference. Mrs. Skuce explained the Coronation Bursary, which she said was given to students who completed by writing to Upper School subjects. Must be son or daughter of ex-service man or woman. The Lucy Morrison Fund was for students who needed help and was paid back after they got through. Wilmina Gordon scholarship fund was for History at Queens. Mrs. Skuce hoped something soon would be done for Literature, Art, and Music. Talent linked young people together.

I attended the special session for Junior Chapters. This session thrills you from the moment you watch these young children carry their standards in with dignity and Pride, then as they in turn come to the microphone and give their name, office and Chapter, and read their reports, you are stirred with an electric current

right through you.

In closing, let us renew our efforts, and when tired, rest a little, then work again."

Miss A. M. Crane, convener, then gave the following report on War Services: "A meeting of the war services committee was held on April 21st, when 164 boxes were packed for Grimsby boys overseas. On April 21st an additional box of clothing for Polish relief was packed. This shipment was valued at \$61.80. Many knitted articles were tagged and added to those already on hand, making a total of 375 knitted articles ready for shipment. Three recruit boxes were

given out during the month. Mrs. Stevenson, Educational secretary, submitted a report on the St. George's Day ceremonies which are fully reported by Jan Kendall in another column of the paper.

Mrs. Gordon Sinclair, convener for Girl Guides, reported that the first Fruitland Girl Guide Company and also the first Fruitland Brownie pack, both under the leadership of Miss Mary Jenkins, are to be included in the Division of West Lincoln, until a Commissioner is appointed in Wentworth. This means that Miss Walsh's Division now includes 4 Girl Guide Companies and 3 Brownie Packs.

Caistor Farmer Bags 12 Foxes

Keith Phillips, of Caistorville, set a record while hunting on the farm of Maurice Slater, near his home recently, when his dog chased a red fox to a hollow tree where it had its den.

Mr. Phillips investigated and chopped in the tree, he shot the mother and caught 11 young fox pups. He also took two long range shots at the male fox but he escaped.

Mr. Phillips is eligible for the bounty that Lincoln County is paying, which will make a nice day's pay, as well as save himself and his neighbours considerable damage this spring in the number of poultry these 12 foxes would have killed.

Alice Neale Is Real Hot Bowler

Excitement plenty prevailed at The Bowlway on Friday last during team play in the Peach Queen's league, when Alice Neale, one of the athletic Neale family proved to be a real hot pin toppler.

The kid bowling with the Victory team, rolled a high triple of 835. Her three games were 208-210-217. She failed by 22 points to break Doris McBride's high single game score of 339, but she did set the Red Head's high triple score by 47 points.

This kind of bowling is top in any league, let alone a ladies one. It's this girl last year won the Clarence Lewis trophy for the high score of any boy or girl under 16 years of age.

Victory team were all hot on Friday night. The lowest triple score for any player being 442 and that was another Neale (Cosby). The third Neale on the team rolled 475.

WAR MOTHERS

er, patriotic readings; and the students, under the leadership of Mr. G. L. Eaton, who sang "United Nations" and "Dear Canada, Dear Land O' Mine."

Mr. J. W. Baker, representing the Town Council in the absence of Mayor Edric Johnson, welcomed Capt. Woodcock and the guests, who included the Clergy of Town and District, members of Town and Township Councils, Representatives from Lions Club, Canadian Legion, I.O.D.E., Red Cross, U.E. Loyalists, Women's Institute, Grimsby Beach Home and School Club, Trustees, Guides, Scouts, Cub, Prowlers, and other organizations.

Andy Fulton, Cadet Corps Commander, introduced Capt. Woodcock in the form of a review of his military life. In 1939, Sgt.-Major Woodcock went Overseas with the 1st Division of the Canadian Army. During the Dieppe raid in 1942, the young Sgt.-Major was captured and taken to a British Hospital in Germany. While he was interned there, he received his captaincy.

As is customary, Captain Woodcock began his address with a humorous story of Army life in Great Britain. It seemed a middle-aged English lady who was accustomed to buying her groceries in a little store across the bridge in her small town, attempted to pass the Canadian sentry stationed there one morning. "Halt, lady," cautioned the lad, "you can't cross that bridge, it's just been blown up during manoeuvres, sorry, there's no orders." Exasperated by the insolence of the youth, she turned to another Canadian standing near by. A flow of words ensued interrupted suddenly by the Private: "Just a minute lady, don't tell your troubles to me—I was killed ten days ago." "This is the wonderful spirit of the Canadian soldiers. Their conduct is a credit to us all," continued the Captain.

"The legend of St. George has lived in history because of his heroic battle with the mythical dragon. During our two and one half years with the 1st division, we found there was also a dragon to fight in England—a dragon in the form of marking time, training, listening to the deeds of others, particularly the soldiers—and looking forward to actual battle. Although my words chiefly concern the soldier, there is no prouder person of the Navy and the Air Force than the lad in khaki. The three branches work together, and all our combined experiences hardened us for the raid of Dieppe.

"An atmosphere of feverish activity and tense excitement prevailed from dusk 'till midnight prior to the raid. The men carried their weapons in unorthodox fashion—as they could best fight,—much like the commandos. And then suddenly our boats were nearing the European shore. Silence. Then, through the pitch darkness a rattle of feet as we clambered into the boats and were lowered away from the Mother ship. Before we could reach shore, the Germans, forewarned, opened fire on us. Gunfire is another dragon,—no matter how brave one may be,—there is still that element of fear prevalent,—which, in the face of danger, is suddenly forgotten.

"Twenty-five yards off shore, our small boat was crippled. With the aid of a fellow Canadian I managed to find safety a few yards downshore from the actual battle. Two hours after the evacuation, an investigating party, 'senior hunting', found me. I don't remember anything more until I awoke in a British Hospital,—a small part of the British Empire in the heart of Germany.

"It is true, few of the necessities of life are found in a prisoner-of-war compound, but by our own ingenuity we managed to be quite comfortable. Canadian men more adept at this than others for we have the ability to develop this as we here in Canada. Canadians, and here in Canada, Russians, French, Serbs, Scotch, Irish, and a lone Italian, were only a few of those present in the camp to which I was taken. There's a never-give-up spirit shown in this typical episode: a new group of Allied prisoners were assigned to a bit which contained a long table. The men decided it would be more convenient if they cut it up into individual sections for private use. The Germans resented this action. Three times they replaced the table,—three times with the same effect. Finally the captors gave up with the remark 'O, they're crazy.' But if they had viewed the situation in a different light, they

would have seen that the imprisoned men are using up labour, materials and manpower,—and in these small, seemingly insignificant actions, are still helping the war effort."

Mrs. Sarah Carlton, mother of Jack, who died in a German prison camp, and Jim, a prisoner-of-war in the same camp as Bob Aldrick, Mrs. Wm. Aldrick, Mrs. Vera Lacey, and Mr. and Mrs. Twocock whose sons are also prisoners-of-war in Germany, were present to meet Captain Woodcock, whose assuring words were indeed a comfort to them all.

In his address, Captain Woodcock mentioned especially the bravery of Jack Carlton, who courageously "hung on" after all hope for his recovery had been abandoned. The doctor who had treated the young lad, noticing that Captain Woodcock was also a member of the R.H.L.I., was high in his praise of the dauntless constitutions of these Canadian soldiers, represented by this one Grimsby boy. The courage and determination of our local boys who are prisoners-of-war, makes all of us endeavour to increase our war effort. Capt. Woodcock's closing words may well be a motto for us all:

"Keep Canada for the Canadians; keep Canada for the British Empire."

Alice Neale, C.O. No. 2 Co'y, G.H.S. Cadet Corps, moved a vote of thanks to Captain Woodcock for

his inspiring address. Following the reading of colours and the National Anthem, tea was served in the library.

ADDRESSES ON THE MOVE...

This Mail has PRIORITY

WHEN a man is wounded in action or seriously ill, he is rushed through field and base hospitals with all possible speed, to the place where most effective treatment can be given. Because of this rapid movement, his mail may not "catch up" for some time, yet, if ever he longed for a letter from home, it is at such a time.

To offset possible delays, a new "Short-Cut" mail service has been put into effect. A Priority Casualty Card is filled in and rushed by Air Mail to his friends or relatives with instructions to add the words "In Hospital" to the unit address they usually use.

Letters mailed from Canada bearing the words "In Hospital" are routed direct to the records office in the United Kingdom or the Central Mediterranean Force, as the case may be. They are given preference in transport, whether sent by Air Mail or regular mail. Thus they will reach the addressee faster than ever before.

It is inevitable that in tracing men who have been moved, or wounded, some delays occur. But you can rest assured everything that can mean speedier deliveries of letters to your men is being well and thoroughly done—and will be done.

When you get a Priority Casualty Card be sure the words "In Hospital" are added to the regular unit address when writing overseas.

Grimsby Boy Will Open Own Store

(Dunnville Chronicle)

It is with mixed feelings that the many friends of Chester Neal learn of his departure this week for Hamilton, where he is opening a drug store of his own—feelings of regret at losing so valuable and well liked a citizen, and pride in the fact that in moving he is advancing in the profession of his choice. Mr. Neal has purchased the business formerly known as Hall's Drug Store at 1343 Main Street East, Hamilton, and will be pleased to meet any of his old friends there at any time.

Chester Neal was born in Grimsby, a son of Mr. and Mrs. O. G. W. Neal, and graduated from the Ontario College of Pharmacy in 1937. He came to Dunnville the same year accepting a position with the (then) Harrison Drug Store, remaining with Mr. Ralph until now. Chester was very well liked by all who knew him and will be missed greatly from the store.

In 1931 he was married to Mildred Currie, daughter of Mr. and Mrs. Robert Currie, of Dunnville, and they have one son, Jackie. Mr. Neal was a charter member and the first president of the Dunnville Kinsmen Club; a member of the Dunnville Lawn Bowling Club, and of St. Paul's Anglican Church. The best wishes for his future success go with him from a host of Dunnville friends.

The tentative 1944 meat allocation for the United States, 132 lbs. per person, is six pounds greater than the 1935-39 actual average per capita consumption.

"Kammy's Kow" has created a furor of excitement on the main drag. Tickets for the drawing of this royally bred three months' old Hereford heifer can be purchased in any store in town.

Water Commission Purchase Bonds

A continued decrease in water consumption in both the town and township was reported at the monthly meeting of the water commission on Tuesday evening.

The total amount pumped in the last month was 7,529,000 gallons, this figure showing a decrease of 3,966,000 gallons from the same month of last year. In North Grimsby township the comparative figures were 494,000 gallons in March, 1943, and 333,000 in March, 1944.

Water commission members were unable to account for the big decrease which has been noted for the last several months. The treasurer was authorized to purchase \$2,000 in Sixth Victory Loan bonds.

Flying Field May Reopened

Re-opening of St. Catharines Flying Club for the purpose of civilian pilot training will be discussed at the Club's annual meeting to be held in the Welland House, St. Catharines, on May 5th.

The Club, founded in 1927, closed in November 1942, after playing an important part in the establishment of the St. Catharines Elementary Flying Training School.

The Club property and buildings adjoin the former E.P.T.S. station recently taken over by the R.C. A.F.

In announcing the annual meeting, an invitation has been extended to members, former members, and other persons interested in Aviation to attend.

Navy League News

Honours for Grimsby. At the Annual meeting of the Navy League (Ontario Division), Grimsby received special mention; and an Honorary Certificate has arrived which is in our windows for all to see. There was a large gathering on Saturday, the 25th March at the Royal York, Toronto, when representatives were there from all over Ontario. So it was a signal honour for Grimsby to be mentioned in this manner.

The executive of the Navy League of Canada, on the per capita basis, exceeded the contributions of any other community in Ontario. Good old Grimsby.

Woolen comforts. This month there will not be quite enough comforts to make up a carton. One understands the hiatus.

Read our story again of the other week. The lives of those men were saved by their faith and their warm clothing.

Ladies! When you knit for us do please be sure and sew one of those golden labels on each piece

of your work. We do want the recipients to know where these beautiful comforts are sent from.

We are now out of funds to buy wool; but have enough wool for 2 or 3 weeks yet.

Valedictory!

Owing to ill health the General Secretary of the Navy League (Ontario Division), E. Frank Trimble has had to resign his office. He was so conversant with the work in all its branches that his services will be missed.

His successor is Victor R. Ramsay, who assumes control with the title "Managing Secretary."

The writer of these notes, James Gibbs, is compelled to resign his office in the League owing to circumstances quite beyond his control. There will be no pause in the work of the committee because it is more urgent than ever. We pray it may be a stronger committee than ever.

It should now be explained why ditty bags have not been issued up to now. Once a new committee has got going and completed its first year's work, then it is asked to fall into line and not lapse ditty bags until July each year, as they are wanted for Christmas only.
